No one remedy is leader called for by the necessities of the American people than a sun and safe cure for Faver and Agne. Such a remedy we are now enabled to office, with a perfect certainty state twill eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities, where it prevails. Prevention is better than cure, for the patient occapes the risk which he must run in violent attacks of this heleful distemper. This "Cum" expals the minimate poison of Erven axe Actus from the system, and prevents the development of the disease, if taken on the first approach of its premoultory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of overy least, and in billions district, where Faven axe Actus prevails, every body should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superfectly of this remedy over any other over discovered for the speedy and certain cure of Intermittents is, that it contains no Quinime or mineral, consequently is produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as bealthy as if they had never had the disease.

Fever and Ague is not alone the consequence

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rhoumatism, Gont, Headache, Blindness, Toothack, Earache, Catarrh, Ashma, Palpisation, Paintal Affection of the Spheer, Bystorica, Pain in the Bowels, Colic, Paralysis, and Derangement of the Scumach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Craft" expels the poison from the blood, and gone-quantly cures them all alike. It is an invaluable protection to immigrants, and persons travelling or temporarily residing in the malationa districts. If taken occasionally, or daily, while exposed to the infection, that will be excreted custreets. If taken occasionary, or dury, with exposed to the infection, that will be exercised from the system, and cannot accumulate in suf-ficient quantity to ripen into disease. Hence it is even more valuable for protection than care, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills. FOR ALL THE PURPOSES OF A FAMILY PHYSIC FOR ALL THE PURPOSES OF A FAMILY PHYSIC are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanage, and invigorante every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is assonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use is the following complaints: Costiceness, Horrform, Henicick arising from disordered Stonach, Names, Indicates, 1981 and Marbid Inaction of the Boness, Flori ulency, Less of Appetite, Janualice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. HERB DISPENSARY, the body or obstruction of its functions.

Ayer's Cherry Pectoral,

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the

Disease. So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the longs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virues are known, the public no longer heatists what amidote to camploy for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten. So wide is the field of its usefulness, and so
